Subject: Environmental Enterprises, Inc., EPA RCRA ID No. OHD083377010

Hi Mitch,

Mr. Jerry Ionnides (spelling?) called EPA (my Section Chief, Julie Morris) on behalf of EEI.

- His phone number is (614) 419-6587.
- He wanted assistance and/or direction in correcting ECHO. He reported that the EEI facility located at 4650 Spring Grove Avenue, Cincinnati, Ohio 45232 is shown as a Significant Non-complier or SNC in ECHO.
- According to Jerry, EEI lost its customer CSX due to EEI's long history of noncompliance.
- According to Jerry, other companies look up EEI in ECHO before choosing to do or to continue business and get the mistaken impression that EEI is a significant noncomplier.
- He reported that you, Mitch, wrote a letter to ECHO stating that the company is no longer a SNC.

I looked up EEI in RCRAInfo.

- According to RCRAInfo, EEI is a "State Unaddressed SNC: Y."
- There are open violations, if I understand RCRAInfo correctly:
 - A CEI from 3/24/2016 to 3/29/2016 resulted in one new violation identified in a 5/13/2016 informal letter/NOV.
 - Four permit violations cited in NOV's dated 3/10/2014, 5/14/2014, and 6/12/2015 resulted in a 12/14/2015 informal letter/NOV.
 - A formal invitation to confer was issued 11/02/2015. (There is not a formal settlement in RCRAInfo.)
 - A CEI resulted in two new violations cited in a 6/12/15 informal letter/NOV.
 - The above NOV's, in 'Enforcement Update' view, identify the 11/02/2015 Opportunity to Confer as "Enforcement action which previously addressed this SNC determination, if any." This is not logical—the November 2015 date does not precede the NOV's.

If EEI really is in compliance and all of the enforcement actions have been closed out, please double check the State's RCRA data.

ECHO imports data from RCRAInfo. I don't think we can change ECHO. Please feel free to contact me about EEI and Mr. I's call.
